Driven Computer Science Major at a highly competitive university, with extensive leadership, graphic design, and STEM expertise seeking to expand my experience as a Computer Scientist and programmer.

---

## Skills

- Java, Python, JavaScript, and Bash proficiency
- Fluency in Spanish and English, with semi-fluency in French
- Certified Sailor and member of the American Sailing Association
- Certified PADI Open Water Diver
- Graphic Design and Photography enthusiast.

---

## Experience

MAY 2017 – MAY 2018

### **Line Cook/Cashier / Five Guys Burgers and Fries**

- Line cook and cashier for a high-quality fast food chain with international presence.
- Ensured customer satisfaction through operating an electronic cash register, as well as stocking food items, assessing inventory, preparing hamburgers and other sandwiches, and cooking fries.

---

## Education

AUGUST 2014 – MAY 2018

### **High School / Blessed Trinity Catholic High School, Roswell GA**

- Honors student in a highly competitive school that has earned the National Blue Ribbon Award awarded to 50 of the highest-performing schools in the country.
- Achieved a 90.66 Cumulative GPA and a 3.53 Point GPA from 9-11th grades.
- Took rigorous courses, including 10 college-level courses such as AP Physics, AP Computer Science, AP English Language, and AP Comparative Government and Politics.
- Programming team leader, graphic design manager, and team photographer for the school's Hyperion Robotics team, a FIRST robotics team with international presence, achieving 5<sup>th</sup> place in a division in the Houston World Championship in 2016.
- Co-leader for the school's sports broadcasting team, achieving an Elite High School status awarded to the best 50 broadcasting programs in the country.

MAY 2018 - PRESENT

## **Computer Science Undergrad / Florida State University, Tallahassee FL**

- Computer Science student seeking a Bachelor of Science degree at a nationally-acclaimed university in Computer Science/STEM.

---

## **Projects**

APRIL 2018 - PRESENT

### **Rikka-Bot / Discord Python Bot**

- Chatbot and moderation bot currently employed by over 200 Discord servers worldwide.
- Integrates the Discord API, Gizoogole.net API, Google Translate API, and CleverBot.io API to process and create intelligent responses based on user need, including language translation, moderation, and miscellaneous fun commands.

APRIL 2018 - PRESENT

### **Gizoogole-Bot / Twitter Python Bot**

- Twitter bot that processes tweets and “translates” them using the Gizoogole API.
- Integrates the Twitter API and Gizoogole.net API to “translate” tweets and reply with the translation to the user.

MAY 2015 – MARCH 2018

### **AutoAircrack / Bash Penetration Testing Program**

- Bash program that automates and speeds up the use of the popular penetration program suite, aircrack-ng, to test and challenge the security of wireless networks, in a personal and enterprise setting.
- Includes the integration of airodump-ng, aireplay-ng, and aircrack-ng, in a customized and graphical user-friendly environment.

---

## **Activities**

- Active Mentor and Volunteer for my high school’s FIRST Robotics Team, a member of an internationally-recognized organization promoting STEM education for students around the world.
- Mentor of my high school’s Broadcast Team, a nationally-acclaimed Gold Standard Broadcast Team.
- Avid Helmsman and Assistant Captain for Amazing Grace, a 38’ sailboat making international trips around the Caribbean.
- Notable member and volunteer for my Church, serving as a weekly Usher, Lector, and Parishioner.
- Hobbyist photographer, with several years of experience and pictures from several countries and continents around the world.

---
